

# WRRRA Fall 2019 Newsletter

## White River Recreation Association

REPRESENTING FEDERAL LAND PERMITTEES IN THE UPPER WHITE RIVER VALLEY, MT BAKER-SNOQUALAMIE NATIONAL FOREST SINCE 1929

### WRRRA 2019 Fall Dinner

**Greenwater Community Center**  
**Saturday, October 26, 2019 starting at 12:00 pm**

Please join us for the annual Fall Dinner Meeting to elect new board members, get updates on key issues, and socialize with your fellow cabin owners. This year's theme is Halloween - costumes welcome! Menu will be fitting the occasion.

4:30-5:00	Arrivals & Check-In
5:00-5:30	Business Meeting/Board Elections
5:30-6:30	Social Hour & Silent Auction
6:30-7:30	Dinner
7:00-7:45	Updates & Presentation
7:45-8:00	Door Prize Drawing & Adjourn

#### Fall Dinner Policy & Cost:

Cost is \$35 per person, tax and tip included. Maximum number of WRRRA members and guests that can be served is 100. To guarantee a place at the table reservation must be received by Oct. 22, 2019. Those who miss the deadline but wish to attend will be subject to a \$10 surcharge if space is available. No refunds or cancellations after Oct. 22, 2019.

#### Reservations Options:

Online:

Mail in reservation form (See page 9)

### President's Message

I hope everyone was able to get up into the mountains and enjoy your cabin and some of the recreation options this summer. The summer weather was abnormally cool this year, but at least we didn't have to worry too much about the threat of wildfire!

We had another record turnout at our annual **Summer Picnic** this year, in late July at the Silver Springs Campground. The food, fun, games, pie contest, Greenwater Fire Department demo and more were all fantastic. Thank you to all the volunteers that

helped to plan and execute this event. The **Cabin Tour** after the picnic was also a great success, with 5 fantastic cabins open for touring. As always, its fun and fascinating to see how different each cabin is! Thank you to the hosts for making this event possible.

This newsletter contains a number of important updates – including details about a **WRRRA History** documentation initiative, reports and opportunities to help **restoration efforts** after the Norse Peak fire, an overview of the **NFH Fall Forum**, and, the latest **updates from the Forest Service**. I hope that you will take the opportunity to review in detail all these updates, and, if anything is of particular interest to you, to volunteer to help – as always, we encourage your participation and support in all our activities!

Fall brings our next WRRRA social event, the **Fall Dinner!** The business meeting preceding the dinner will include election of new board members for next year, and we are excited to get more involvement from other association members. At publishing, **there is still one key position that needs candidates – Secretary**. I hope that some of you will consider tossing your hat in the ring so that we can keep our board and our support services viable for all membership!

The Fall Dinner will be held at the community center in Greenwater - hopefully many of you can attend that event to participate, vote, get updates, support

### In this issue:

- *Fall Dinner and Business Meeting Details*
- *Executive Board Elections*
- *NFH Fall Forum*
- *USFS Updates for Cabin Owners*
- *WRRRA History Task Force*
- *Snowplow Services 2019-20*

the Silent Auction, and socialize with your fellow cabin owners.

Please drop me a note if you have any questions, concerns, or input, at president@wrra.net.

I hope to see you up at the cabins or in the mountains soon!  
~ Kevin Orth

## Executive Board Elections

WRRRA Board Elections will take place at our Fall Dinner Meeting on October 21. The following board positions are up for election and candidates have provided information for your review. Nominations will also be accepted from the floor during the business meeting.

Secretary Position: Open ~ Candidates needed for this key and fun role.

New Candidate for Silver Springs Representative Kenneth Ring (Statement will be available at business meeting.)

### **Incumbent Silver Creek Representative Jennae Brannon—Statement**

My husband Patrick and I joined the WRRRA in 2017 with the purchase of our cabin on Silver Creek! We have been so thankful for the communication and involvement the WRRRA has had with its members, especially surrounding the Norse Peak Fire. I noticed a seat opened up this year for the Silver Creek Representative and jumped on the opportunity to get involved and help out. We are very excited to be a part of such a fun and unique community. Growing up just about an hour away from Crystal Mountain, it is where I learned to ski and has been my home mountain since. We have spent endless weekends up at the cabin area the last few summers and winters and look forward to a lifetime of adventures in mountains sharing our cabin with friends and family. During the week I spend my time working in sales strategy at Starbucks, running along Alki and exploring our West Seattle neighborhood as it continues to grow. I look forward to meeting those of

you that I have yet to meet and continue working to help support Silver Creek and the WRRRA.

### **Incumbent Goat Creek Representative Martin Rand—Statement**

It has been a great pleasure serving as one of the WRRRA area representatives for Goat Creek. We have been working on several key issues relating to our area but we have not finished the work. These issues are for the most part centered around the cabin roads and trails. I would be glad to serve another term as Goat Creek area representative to see these things taken to completion. As we see more and more traffic and visitors to this unique region I feel we must do everything we can to protect our cabins and insure the safety of all using the cabin area.

### **Incumbent Treasurer Kevin Bannon—Statement**

Thank you for your trust and continuing support as your White River Recreation Association Treasurer since 2003. It has been my pleasure to serve you faithfully. I am happy to report your association continues to be financially strong. As always copy of the current financials are available at WRRRA events, or by email request.

For year after year there have been annual net asset increases with conservative price increases. I would be remiss to not remind you these fine results are a team effort and would not be possible without the board sharing the same vision as well as an commendable service ethic. As such, WRRRA is among the few top tier tracts nationally, financially self-sufficient, near unanimous participation, hard earned and mutually respectful relationships with our landlord, and numerous valuable services and accomplishments for the benefit of members.

Tacoma Roofing offers a Forest Service approved standing seam metal roof. The metal roof panel is a snap lock standing seam with striations that delivers an aesthetically pleasing metal roof.

O: 253-472-3484 | E: contractadmin@tacomarroofco.com

F: 253-476-1547 | W: [www.TacomaRoofCo.com](http://www.TacomaRoofCo.com)

Post Office Box 64609 Tacoma, Washington 98464

Personal Initiatives completed in my last term include:

- Introduction of billing by invoice and credit card in selective situations.
- With the support of the board and finance committee, enactment of an investment policy as well as restricted funds definitions and policies.
- Creation of a brokerage account with Vanguard for investment returns consistent with investment policy goals for long term assets. This change will increase investment return in 2019 by about \$1,000.

Personal Goals for the next term consist of:

- Working to rationalize the work flow and duties performed by the Secretary and Treasurer. This is an essential need. Services performed by those officers has been unsurpassed. Quite simply the board could never be successful without the exemplary back office, communications and financial processing work. These have evolved into almost full time jobs. As these jobs are viewed as busy there is a lack of qualified replacements stepping up. That is a problem. The best solution is to consolidate the duplicative tasks as well as to delegate.

While I am healthy and capable, it is time to plan for a new Treasurer while things are going well as well as to transition smoothly and deliberately rather than haphazardly. It is my intent to make this my last term and to focus on identifying and supporting a successor.

Your support for one more term is appreciated and I will continue to serve you well.

#### **Incumbent Dalles Representative David Ebel—Statement**

David Ebel has been the Dalles tract rep since 2017. For the next term, if elected, Molly Ebel and David Ebel would like to jointly handle the Dalles rep responsibilities.

David and Molly, along with their four daughters Scarlett (12), Evelyn (11), Margot (11) and Greta (11), are active members of the WRRRA community. Their favorite place to spend time together is

at their family cabin in the Dalles, Lot #31. David's parents bought the cabin in 1976 when David was 5 years old. The family story is that David, in kindergarten at the time, was so taken with the cabin that he charmed the sellers into selling it to the Ebels instead of the other interested buyers. Forty-three years later and he loves that Dalles cabin more and more – and so does his family. It is the centerpiece of the Ebel family history. David and Molly are up every weekend in the winter with the kids, who participate in the CMAC program, and enjoy getting up in the spring and summer whenever possible. All are active members of the WRRRA. They consider the memories created at the cabin, and the strong community of cabin neighbors, as particularly special to them.

### **NFH Fall Forum Recap**

The NFH Annual Fall Forum was held in Sunriver, Oregon on September 21, 2019. It was attended by cabin owners from Oregon, Washington, and California as well as Forest Service personnel from the area (Region 6) and NFH board and staff.

The Fall Forum is a regional mini-conference, focusing on a few key areas of interest for the region. For this forum, the focus was on hearing from Forest Service staff, learning about and discussion how to Prepare for Wildfire, and learning more about the Historic Cabins of the Pacific Northwest.

On Friday before the forum, NFH board members toured area cabin tracts, including Odell Lake, Crescent Lake, and Elk Lake. NFH board and staff also conducted a board meeting and a strategic planning session as part of the multi-day gathering.

Copies of speaker presentations, photos, and other reference material from the Fall Forum should be posted on the NFH website. Access to this valuable information is a benefit of NFH membership. Here are some brief recaps of some of the sessions, and NFH services to note:

**Forest Service Updates**

Tracy Kremer, Lands Special Uses Program Manager for Region 6, and Holly Jewkes, Forest Supervisor for the Deschutes-Ochoco NF provided updates on the Forest Service, goals, roles and responsibilities, and more.

**Wildfire Preparation**

This presentation was updated to provide personal experiences and images from our experience with the Norse Peak fire (I was the presenter). The presentation discussed how you can best prepare for wildfire, what you can do during a fire, and what happens after a fire.

**Historic Cabins of the Pacific Northwest**

Alexandra Wenzl, USFS Region 6 Historian and Heritage Program Lead, gave a presentation on the cabin program in the Pacific Northwest, and the historical significance of the program, including many individual historically relevant cabins. The Forest Service sees real historical and heritage value in the cabins as a whole, representing a certain culture and time in American history.

**Reminders of Services for NFH Members**

Cabin Insurance -- Cabins are expensive to ensure due to where they are located, and the age of the structures and systems. More and more insurance companies are canceling or discontinuing coverage. NFH offers a guaranteed insurance

program as a benefit of membership, if you are having trouble getting coverage.

Ask the Community Forum -- This on-line forum allows members to ask questions or make comments that may be of benefit to all cabin owners. Discussions are taking place on security, permit language, trusts, sheds, cabin inspections, and more. Sign-in and use the link on the NFH homepage to give it a try!

Cabin for Sale Listing Service -- Members who have decided to sell their cabin can now list their cabin for sale on the NFH website at no cost. The listings can be used for sale-by-owner situations, as well as, compliment sale-by-realtor listings. Look for the link under the Resources menu on the NFH website. Also note that cabin owners can transfer their NFH membership on to a new owner upon the sale or transfer of a cabin.

**Upcoming Events**

The 2020 NFH Conference will be held at the Heathman Lodge in Vancouver, WA next spring on April 24th and 25th. Mark your calendars, and hopefully we will see you at future events; additional information is on the NFH website.

*~ Kevin Orth*

**WRRRA History Task Force**

WE NEED YOUR HELP. A task force has begun working on a multi-year WRRRA History Project. Those involved are Diane DeWitt, Lead, Rena Irwin, Kevin Bannon, Fred Orton, and Kevin Orth. So far we have emphasized the collection of old records from former members of WRRRA who have been officers and board members. The WRRRA History Project is searching for Missing Items:

 Enumclaw, WA 98022

Cabin Tour Booklet - 2014 and 2018. We have neither of these items.

WRRRA Directories - 1987, 1989, 1991, 1998, 2003, and 2006. We have a single damaged copy of the years 1994/1995, 1996/1997, and 1999/2000 but we would very much like to replace with clean copies in good condition.

If you have any items to donate to the WRRRA archives, please email Diane DeWitt at [diane@vocpsy.com](mailto:diane@vocpsy.com) and/or phone 425 822 2000.

## Familiar Cycles of History: 1934-35

*The WRRRA History Task Force is producing a series of newsletter articles that will share some information gleaned from past archival materials. We can learn about cabin owner's concerns from decades ago because they are recorded in minutes that are now in our WRRRA archives. This article is a summary of what was being discussed over three meetings in the mid 1930s: a general member meeting of 50 people at "the Johnson's cabin" on August 26, 1934, another member meeting at an unspecified location on January 29, 1935, and a board meeting, with 10 people present, at the Seattle Federal Building on October 4, 1935. In all three meetings the five topics are familiar: trees, roads, snow, creeks, and trails!*

**Trees and Logging:** WRRRA discussed "the efforts of the Rainier Park Advisory Board" to which WRRRA paid dues and on which WRRRA was represented by Frank James Clark. To "preserve the trees along the lower part of the mountain road" in a "Save the Trees" effort mailing out a "resolution" to individuals and other [unnamed] organizations. Simultaneously, the state legislature's bill permitting tree cutting along the Mather Parkway was "declared illegal" by the courts but apparently "the logging company" was still "operating there." The goal was "the preservation of our virgin woods along our wonderful new highway." In October 1935, WRRRA had appointed people to investigate logging below Green-

water and to determine how WRRRA might put gravel on the roads.

**Roads and Snow:** Ranger Nevin McCullough and his staff said that he could provide no help putting gravel on the cabin roads due to lack of funds and no equipment. The USFS was going to pay \$15,000 to build rail guards and road shoulders on the Mather Parkway. At first WRRRA voted to keep the Parkway open in winter as far as Cayuse Pass. By January 29, 1935, at the second meeting, WRRRA learned that the Forest Service insisted that a barrier to Cayuse Pass remain blocking access to areas with snow for recreational use. WRRRA voted to "pressure" the USFS to modify this decision just for cabin owner use and WRRRA decided to "look into" any ski group who applied for a cabin permit. By October 1935, WRRRA appointed people to determine how WRRRA might put gravel on the cabin roads.

**Creeks and Trails:** When asked if the Forest Service would remove the logs clogging the creeks after "the floods of last winter" McCullough said it was "impossible." McCullough then announced that Forest Service planned to create walking trails along Silver Creek and "Goat Creek to the falls." By the second meeting, WRRRA sent a letter and petition to express "the attitude of the cabin owners in regards to the trail" arguing against the Silver, Deep, and Goat Creek trails in part because "every cabin owners has on the banks of the stream" their food supply because it was how they kept food from spoiling. (There was no electricity for another 27 plus years.) At the third meeting WRRRA passed a motion to notify the "Forest Supervisor the views of the cabin owners of the building of such trails." The argument was that the public has little use for or interest in the little streams that were so very precious to cabin owners.

~ Diane DeWitt, WRRRA History Project Lead

## 2019 Summer Picnic Recap

This year's picnic was held at the Silver Springs campground again. We had over 100 members and guests again this year. Morning showers abated and the clouds cleared, resulting in a beautiful day at the campground next to the White River. We had a great BBQ, lots of food and drink, a pie contest and a great round of games for kids and adults on the grass in the sunshine. Everyone left smiling!

Later in the evening, some 50 attendees visited 5 wonderful cabins as part of the Cabin Tour, hearing about individual cabin histories and sharing stories with each other.

Finally, on Sunday morning, we had a great crew of a dozen volunteers who helped with the highway cleanup, and enjoyed lunch at the Wood cabin as a reward.

We had a huge amount of volunteer help with these events; without your help we wouldn't be able to pull any of this off!

Specifically I would like to recognize Bill Vlases, our social chair, for his organization and execution on the Picnic, all while dealing with a back injury!

Plus, thanks to Mark Wellington for coordinating the Cabin Tour, and Tom Wood for running the Highway Cleanup.

Special thanks go out to Dale Wills at Camp Shepard for loaning us tables and chairs, the Greenwater Fire Department, Dave and Karen Buhler for bringing Elysian beer, Steve and Denette Wood for doing such a great job with the games, and all of the pie bakers and others who brought food to share.

There were many more who helped in these various events. Thank you to volunteers who signed up, including Josh and Brittany Gaydeski, David Dittmar, James and Sheri Henry, Tom and Jeanine Strom, Jeff King, Jessica Campbell, Molly Ebel, Nancy King, Patricia Sanderson, Sarah Goodman, Tate McHugh, Tim and Annie Curran, Tom Wood, Virginia Bowen, Wendy Scholl, Veronica Sauer, Chuck Gillette, and Ken Ring. I am sure there were many others that helped – thank you all for your contributions to making these events successful!

## General Updates from the Forest Service

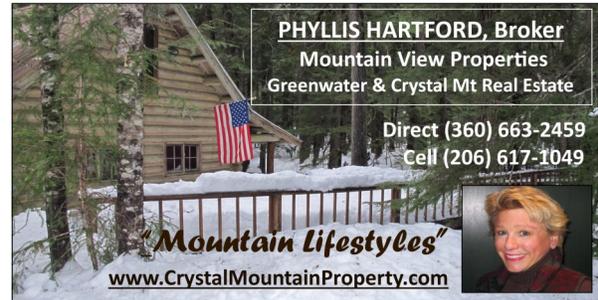

On August 29, 2019, Kevin Orth (President), Anne Turner (Secretary), and Tom Wood (GC Rep) of WRRRA met with Martie Schramm (District Ranger) and Brian Lee (Permit Administrator) of the Forest Service, at the North Bend Ranger Station, to get updates and discuss issues. Here are notes and updates on some of the key topics.

**Goat Creek Culvert Updates:** As has previously been communicated, after an incident which is the scope of the Norse Peak Fire, the typical replacement timeline for a bridge or culvert would be 3-5 years. There needs to be sufficient time for runoff to taper and for the landscape to stabilize before implementing a replacement; otherwise, the risk could be loss of the new bridge or culvert in a flood event, or even worse, flooding through bins in the area.

While the long-term plan is to replace the culvert – and a replacement culvert has been identified and tagged for this use -- the Forest Service is not able to commit to a specific date or timeline to do this work, at this time. They will need to continue to monitor the situation and will make the decision to proceed on replacement only when they are confident there will be no potential adverse effects.

In the meantime, they have installed a foot-bridge over the creek where the culvert was (see related article). This should address concerns around foot traffic cutting through cabin lots trying to get to trailheads.

**Inspections / Self-Inspections Process :** As previously noted, the Forest Service does not have resources to conduct inspections on all lots. Instead, they have sent out self-inspection forms to all cabin owners. These forms are now due. WRRRA has sent an email out with a digital copy of the form for any that may have misplaced theirs, and, have included some additional instructions and guidance on how to complete the forms.

### Open Request Process and Cabin Projects

The current window to submit requests or projects for review remains October – November. WRRRA members need to submit any projects for consideration next year, now. If/when you get approval to proceed on a project, do not let it languish – once you have approval in place, move forward on your project.

The budget and work plan for 2020 is already largely set, so any large scale projects involving ground disturbance will likely have to be pushed until the following year; but smaller projects can still be approved.

Hazard Trees are not part of Open Request Process, they can be removed when identified. The FS is not able to identify hazard trees, so cabin owners should identify potentials and get permission to cut by contacting Brian.

**Corral Pass Update:** The Corral Pass road will not open until next summer. Going forward, Corral Pass will be open for recreation access only (day use only); there will be no camping at the top of the pass.

There will be opportunities for WRRRA members to get involved and help the Forest Service with rebuilding projects in the area, including fence building, tree removal, tree planting, cleanup, and more. We will continue to keep members apprised of opportunities to get involved.

**Fire Restoration Work:** WRRRA continues work to help with the restoration efforts after the fire. After our very successful work party with the FS staff on National Trails Day at the beginning of the summer, working on the Goat

Creek Trail, we recently teamed up with USFS staff to work on Corral Pass for National Public Lands Day. We will have an update in the next newsletter, and also post on the WRRRA Facebook page.

**Real Estate and Other Signage:** There have been some recent questions and concerns around For Sale and other signage in the cabin tracts. We reviewed official policy with the Forest Service, and discussed clarifying the rules and regulations, and communicating with cabin owners and realtors. In short, the Forest Operating plan states that sellers can have one sign on their cabin (or nearby). It must be small (no larger than a standard for sale sign).

Signage of any sort is not permissible on the roads – both on the highway, and on Forest Service roads. This applies to real estate signage as well as political signs or any other private signs (not road signs, safety signs, or directional signage).

WRRRA will update our FAQ with signage guidelines, and, will include this document in the initial mailing to all new cabin owners to help them better understand some of the unique rules and regulations that are applied to leases on Forest Service land.

**Summary:** Overall, we had a lot of great discussion and are continuing to build a strong relationship with our key contacts within the Forest Service. We will continue to meet with them approximately three times per year for these general discussions. If anyone would like to see all the detailed notes from the meeting, please let us know. And, please let your board know if you have any issues or concerns that we may not be aware of, that you would like raised in future meetings.

~ Kevin Orth

## Footbridge Installed over Goat Creek

The Forest Service trails team recently installed a beautiful walking bridge over Goat Creek where the culvert and road previously were located.

This single log and rail will safely enable hikers from Alta Crystal Resort and the Goat Creek /

Deep Creek tracts to access the Goat Falls trailhead again, and hikers / mountain bikers from the Silver Creek and Silver Springs tracts to access the Corral Pass road and trails.

This is a fantastic improvement until a more permanent road and culvert replacement is built. Temporary signage was added by Curtis Thompson; the Forest Service will likely install more permanent signage soon.

Thanks Todd Schmutz and the USFS trails crew for your great work, and to Curtis Thompson and friends for installing the directional sign!

~ Kevin Orth

## Snowplow Update 2019/20

Fall is officially here, and it is time to begin preparing for snowy roads and driveways.

**Marking:** Every year we ask people to get their driveways marked early so the plow operators can identify the route. Make sure you are marking not only the driveway but also anything else to watch for (well heads, large rocks, stumps, etc.). Ideally, have marking at least 4 feet out of the ground. We have found that purchasing PVC pipe and painting it or wrapping it with something reflective works best. Remember - lots of plowing is done during the dark, so anything we can do to help visibility will be important. Lastly, we need to make sure that branches and limbs are trimmed high enough for the operator to be able to get in the driveway without hitting a bunch of branches. Last year there were a couple of places that we could not plow just because we could not easily get in the driveway. We will be trimming some branches this fall to help in this as well.

~ Perry Turner

**For Sale:** Three to four “squares” of Miller Mastercraft sidewall cedar shingles and two boxes of diamond shaped cedar shingles, left over from home renovation, opened box, never used. (A ‘square’ covers approx 100 sq ft, normally around \$500/square). Buyer to pick up in Seattle Phinney Ridge neighborhood.

Contact Patrick Ashman: (206) 383-6982

Volunteers included: Ken Ring, Steve Ryan, Ange Kemp, Ed Butcher, Barbara Mead, Donna Miller, Kit Ryan, David Glaab, Sally Ryan, Dennis Ryan, David Ditmar, and Tom Wood

**RESERVATIONS FORM: WRRRA Fall Dinner Event**

**Greenwater Fire Department/Community Center  
Saturday, October 26, 2019 from 5:00 p.m. to 8:00 p.m.**

**How to make your reservation?**

**Online:** <https://white-river-recreation-association.square.site>

**By phone:** Kevin Bannon 206-244-9683 (between 6-8 p.m.)

**By email:** [treasurer@wrra.net](mailto:treasurer@wrra.net)

**By mail:** 4637 S. 168th St., Seattle, WA 98188 (include the form below)

Please include payment, payable to WRRRA, with reservation:

Name(s):			
Number Attending		@ \$35/person	
Total Enclosed:			

**Reservation Policy for WRRRA Fall Dinner**

- Reservations MUST be made by Monday, October 21, 2019
- Fall dinner will be \$35 per person, tax and tip included. Maximum capacity is 100—NO EXCEPTIONS. Please reserve early to guarantee a seat.
- Those who miss the deadline will be subject to a \$10 surcharge if space is available.
- No refunds or cancellations after Monday, October 21, 2019

## WRRRA

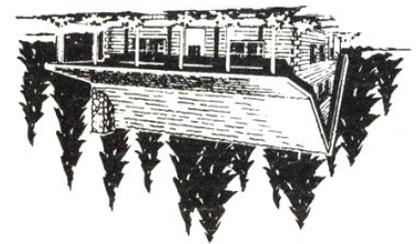

*The purpose of White River Recreational Association (WRRRA) is to promote and protect recreational interests along the Mather Memorial Parkway and throughout the Upper White River Valley; to do any and all things lawful, just and necessary to better the interests of the members of the Association; to secure equitable legislation; and to cooperate with the Forest Service in the protection and administration of all recreational feature.*
